

# Host a Training at Your Facility

## Bringing Criminal Justice Solutions to You!

### Why host a fee-based training with NCJTC?

#### Protect your community.

An opportunity to access national subject matter experts who will present current and in-demand training topics in your community.

#### Protect your budget.

Earn free seats for your agency when minimum enrollment for the course is met.

#### Protect your time.

The National Criminal Justice Center (NCJTC) staff handles all logistical matters related to the program.

### What is required of a host agency?

- Provide a training venue that can comfortably hold up to 50 participants
- Ensure a training site is within proximity to lodging and a regional airport
- Agree to assist with the promotion and marketing of the training to ensure success

### How do I partner with NCJTC?

A variety of options are available to you when you work with us:

- Host any of our current course offerings available at [ncjtc.org/ContractWithUs](https://ncjtc.org/ContractWithUs)
- Develop and host a custom training to address a specialized need in your organization or community

### About NCJTC

At the National Criminal Justice Training Center (NCJTC) of Fox Valley Technical College, it's our mission to equip criminal justice professionals with the right training and tools to affect lasting and meaningful change in their communities. As a leading national training organization, we deliver high-quality innovative training, expert instruction, and technical assistance solutions for combating prevailing public safety and community challenges.

NCJTC provides training and technical assistance in the following topic areas:

- Alcohol and substance abuse
- Child abuse and neglect
- Child sex trafficking
- Community policing and prevention
- Courts and community corrections
- Endangered, missing, and abducted children
- Leadership, management, and planning
- Sex offender management
- Technology facilitated crimes against children
- Technology investigations
- Victims and at-risk populations

### Beyond Google

2 Days | \$395 per person

Examine open source online intelligence/information and learn how to leverage free platforms, databases, and web applications to strengthen criminal cases. Uncover little known facts and techniques to optimize results within two major search engines, Google and Bing, which will support your investigations and prosecutions. Participate in hands-on learning by exploring real time open source data/information and applying that information to criminal case examples.

### Casting the Digital Footprint

2 Day | \$295 per person

Uncover the information technology users knowingly and unknowingly leave behind when accessing and using electronic devices. Learn how to covertly strengthen your investigations through gathering personal, public and open source data. Discuss techniques to locate evidence through technologies that can benefit any type of investigation.

### Child Homicide Investigations

2 Days | \$395 per person

Designed with collective experience from 500+ homicide cases. Understand and build relationships between the forensic pathologist, homicide investigator, and prosecutor to successfully investigate and prosecute child homicide cases. Learn autopsy protocols, forensic essentials, the criticality of determining the cause and manner of death, interviewing and interrogation, and the role of the prosecutor in gaining appropriate convictions.

### Criminal Connections: Child Pornography and Child Sexual Abuse

2 Day | \$395 per person

Review current national and international trends in child pornography. Apply investigative strategies to cases involving the possession of child pornography and gain understanding of how possession cases relate to contact offenses.

### Current Drug Trends Symposium

2 Day | \$195 per person

Develop strategies for recognizing and combatting current drug issues faced by communities around the country. Explore emerging illicit drug trends and the community responses to them. Join us to hear those on the front line of drug epidemics nationally.

### Death Investigation Academy

5 Days | \$595 per person

Explore strategies for conducting death investigations under several origins. Learn how to evaluate the crime scenes, conduct effective interviews and

interrogations, develop case leads, utilize investigative resources (crime laboratories, medical examiners), and comprehend medical autopsies.

### Investigation and Prosecution of Cold Case Homicides

2 Days | \$395 per person

Improve investigative techniques and efforts on long-term missing and cold case investigations. Learn from case studies, interactive case discussions, and specific techniques to improve the skill and capacities of law enforcement personnel assigned to long-term missing cases. Learn investigative and prosecutorial strategies for the investigator.

### Managing the Media Message: Your Agency's Story and How You Tell It

2 Days | \$195 per person

Building strong relationships with key supporters and the media before a crisis occurs will open lines of communication during adverse situations. Learn how agencies can best tell their story, whether it is to build positive messaging, crisis communications, or to provide continuity of operations following an incident.

### Mobile Device Investigations

3 Days | \$395 per person

Learn current cell phone related strategies and techniques for any type of investigation. Explore and apply current practices for working with different mobile network providers, completing technology-focused search warrants, analyzing network data, associating reported data to the investigation and effective case reporting strategies.

### Promoting Procedural Justice

2 Day | \$295 per person

Built on evidence-based principles, this culturally competent training supports law enforcement in building strong community relationships, enhancing interactions with youth, and creating effective interventions to divert at-risk and minority youth from the justice system. Improving procedural justice efforts in the juvenile justice system offers an unmatched return-on-investment for local law enforcement agencies.

### Protecting Children in a Digital Age

1 Day | \$195 per person

Explore the risk technology poses to youth and the need for increased awareness and understanding of the opportunities to protect children. Learn about gathering valuable evidence to mitigate the threats posed by individuals who seek to exploit them.

Visit [ncjtc.org/ContractWithUs](http://ncjtc.org/ContractWithUs) for new courses and scheduled classes.

### Psychology of School Threat Assessments

2 Day | \$225 per person

Examine the psychological and behavioral aspects of threat assessment and management. Explore normal versus abnormal child and adolescent behaviors, red-flags, why threats are made, and how threats can be managed along a pathway toward violence (both short and long-term) to ensure personnel safety. Review solutions to common problems in school threat assessments. Learn multidisciplinary threat assessment and management strategies.

### Sexual Offenses: Mind & Motivation

2 Days | \$195 per person

Gain an introduction into the psychology, or mindset, of those that commit sexually motivated crimes. Learn about sex offender typologies and patterns of behavior. Explore the relationship between paraphilia and criminal acts. Review and dissect real case examples to gain insight into offender modus operandi. Knowledge obtained can be applied during interview and interrogation to help resolve sexually motivated cases.

### Strategies for Instructional Excellence

3 Days | \$395 per person

Develop and enhance the skills of the 21st Century criminal justice instructor or trainer. Examine how adults learn and explore effective instructional methods. Develop a structured learning plan, apply adult-learning techniques, utilize instructional technology, evaluate learner retention strategies, and the legal implication of instruction.

### Suspicious Death Investigations

2 Days | \$295 per person

Examine case studies based on the experience of a homicide detective and forensic pathologist. Identify key scene findings and correlate findings to the autopsy results. Analyze communication methods between the investigating agencies and the medical examiner's office. Learn how unique features of a case can affect the direction of the investigation. Discuss case resolutions and lessons learned.

### Verbal De-Escalation and Crisis Communication

1 Day | \$195 per person

The ability to organize your thinking and calmly respond can help you avoid a potential crisis. Every year, around 1000 people are shot and killed by police. Five hundred of them wielded a gun while the rest of them held knives, toy weapons, or no weapons at all. Join us to learn how de-escalation communication skills can defuse those situations and lead to more successful resolutions.
