Permission Slip to participate in Sex Trafficking Education and Awareness on Campus

_____ High School is aware that young people are faced with incredible challenges today. As a school/district we would like to be able to provide information and resources to your child about Sex Trafficking.

Why sex trafficking education at school? We believe that one of the actions that can be taken to prevent sex trafficking is to teach our students about attempts to recruit and exploit through force, fraud or coercion. Our goal is not to scare of students but to educate them.

Being aware of these challenges and pressures as well as the resulting physical, emotional, mental and social consequences of such activity is important. Our school/district has chosen to provide information on sex trafficking prevention and resources to students who have questions.

We will be using district approved materials during this (assembly/class etc.). The main emphasis will be placed on awareness.

All students must have parental consent prior to participating in this event/curriculum. We encourage you to talk to your child about what they learned

The assembly will be opened to parents as well.

Thank you,

Mrs. Jane Doe
