The Nurtured Heart Approach

The Nurtured Heart Approach is a relationship model for inspiring kids to great behaviors. In conventional parenting and school discipline methods children get so much *more* – more relationship and more connection with adults – when things are going wrong. Through NHA, we learn how to make simple shifts to energize great behaviors, as well as how to stop accidentally encouraging negative ones.

The Three Stands of Nurtured Heart Approach provide an accessible and established foundation for inspiring great behavior.

- **Stand 1:** *Absolutely No! I refuse to energize negative behavior.*
- **Stand 2:** *Absolutely Yes! I will relentlessly energize the positive.*
- **Stand 3:** *Absolutely Clear! I will maintain my rules and use consistent consequences.*

In a fun, easy-to-remember way, this workshop will help you to:

- Gain a deeper understanding of ‘intense’ behaviors.
- Improve behavior in even the most challenging kids & adolescents!
- Utilize powerful strategies on how to see what is great about kids and help them to change the way they see themselves.
- Become more proactive and feel more in control.

This workshop qualifies as a prerequisite for the NHA Certified Training Intensive
