Online Learning is Booming at NCJTC

Since March 2020, NCJTC dedicated more resources to online learning than ever before!

- In person classes converted to live online instructor led classes
- Live webinar dates increased dramatically and were recorded for future replay
- Certificates can now be earned on recorded webinar views

Through these efforts, we served more than 65,000 criminal justice professionals in live events alone!

But it won't stop there...

We see strong growth in online learning well into the future, even as states lift restrictions for in person gatherings. Whatever your needs are, NCJTC is flexible and ready to serve you.
