

**Safer Schools: Where Children Learn and Teachers Teach**

With students returning to school campuses, attention is turning back to student and school safety. Are you ready to respond effectively if a critical incident occurs?

At NCJTC, we have a long history of providing training to address school and student safety concerns, including school threat assessments.

**[Psychology of School Threat Assessments](#)**  
June 20-21, 2022 | Chandler, AZ

Examine the psychological and behavioral aspects of school threat assessment and management. Learn the difference between normal and abnormal child and adolescent behaviors, red-flags, why threats are made, and how threats can be managed along a pathway toward violence (both short and long-term) to ensure personnel safety.

**[Steps to Enhance a Comprehensive Approach to Sex Offender Management](#)**

Do you have a comprehensive approach to sex offender management in your community? Do you have strong partnerships and cooperative approaches to monitoring, supervising, and treating sex offenders, and supporting sexual assault victims? Chris Lobanov-Rostovsky shares three critical things to consider related to comprehensive approaches to sex offender management.
