Community Engagement and Needs Assessment

Questions to Consider

What are some unique cultural strengths you can leverage to enhance reentry and reintegration efforts for individuals transitioning from incarceration or inpatient treatment?

What are the most significant barriers you face in providing adequate resources for reentry and reintegration, and how can these be overcome?

In what ways can addressing trauma at both individual and community levels foster more effective and sustainable recovery pathways?

How can collaboration between tribal practitioners and external agencies be optimized to improve resource allocation and support for reentry programs?

Questions to Consider

How can community members be more actively involved in supporting the reintegration and recovery of individuals returning from incarceration or treatment?

What innovative approaches have shown promise in other tribal communities, and how might these be adapted to your specific context?

How can tribal communities advocate for more resources and support from federal and state agencies to enhance their reentry and reintegration programs?

Debrief

- What resonates?
- What can I apply?
- What ideas does this inspire?
