Disclaimer: While this checklist can be a useful tool to improve identification of potential victims of exploitation, it is not a validated diagnostic tool. The checklist is intended to be used to supplement comprehensive screening, assessment and/or intake processes that explore a multitude of domains such as family, peers, school, employment, substance abuse, protective factors, etc. Even if a youth's profile suggests a presence of multiple indicators on the checklist, it does not confirm trafficking/victimization, but highlights a need for further assessment. Information noted on this checklist will be part of a confidential database and only shared by professionals involved in the youth's care.
